

## STA 550 BK stack delivery

### **STA 550 BK Automatic stack delivery, for inline production with BSR 550 Servo rotary die-cutter**

For the counted stacking of small format labels, business cards and cards of all kinds, whether rectangular, square, round or contour-cut, for up to 9 product streams.

- Automated process, reduces labor to a single person
- Counted stacking
- Fast make-ready due to external format change
- Can be integrated into downstream systems such as robots, banding or packaging machines

## Technical details

<b>Infeed height</b>	fixed height to BSR 550 Servo
<b>Sheet format max.</b>	550 x 750 mm
<b>Sheet format min.</b>	210 x 297 mm
<b>Format min.</b>	50 x 60 mm
<b>Format max.</b>	530 x 230 mm
<b>Collector shaft</b>	For up to 9 product streams, depending on format size
<b>Stack height</b>	max. 150 mm
<b>Outfeed</b>	manual pickup, roller table, 90° interface for cellophane wrapping machine
<b>Mobility</b>	mobile on wheels
<b>Space requirement</b>	approx. 1'880 mm x 1'580 mm (L x W)
<b>Weight</b>	approx. 1'000 kg
<b>Power supply</b>	3 x 400VAC / N / PE 50/60Hz / 16A (Standard)
<b>Control</b>	24 VDC
<b>Capacity of drives</b>	4,5 kW
