Dear Sir / Madam,

Labelexpo is this year's European highlight of the label and package printing industry. With this newsletter we would like to inform you that BOGRAMA, Herzog+Heymann and MBO will be exhibiting at this trade show with a combined booth for the first time. Under the heading **COMPETENCE3** we are pooling our expertise and presenting three ground-breaking production lines:

- Die-cutting, counting and delivering of business cards and labels
- Inline production of folding boxes with inserts
- Label booklets with die-cut pull-tab

Please note the date in your calendar. Your visit will be worthwhile.

We will keep you updated.

Kind regards,
